

### 3. Disassembly and Assembly

This section describes the disassembly and reassembly sequences for this monitor.

**⚠ Warning:** As this monitor has parts that are sensitive to static electricity, be careful when handling them.

#### 3-1. Disassembly

**⚠ Caution:**

1. Turn the monitor off before beginning the disassembly process.
2. When disassembling the monitor, do not use any metal tools except for the provided jig.
3. Disassemble the monitor carefully as directed in the following procedures.

Description	Photo	Screws
1. Remove the stand body and then remove the two (2) screws shown in the figure.		
2. ① Turn the monitor over and insert your hands into the top of the monitor at the center and separate the front cover in the direction of the arrow as shown in the figure.  ② Separate the sides of the front cover up to the directed line as shown in the figure.		
3. Turn the monitor over again to remove the back cover.		
4. Remove the SHIELD-LAMP using the provided JIG.  <b>⚠ Caution:</b> The SHIELD-LAMP is sharp.
